Other Classes (extra requirements) ❷	

❶ You can take the exams for M01 lectures at various set dates throughout the term. However, since M01 lectures are the prerequisite for modules 04 to 06, **we highly recommend you to take the exams at the first possible sitting (“1. Termin”)** so you are able to do follow-up courses from M04-M06 in time.

❷ In case of extra requirements (i.e. extra classes from the BA curriculum that you need to take), we strongly advise you to start taking these straight from the beginning of your MA studies.

**You should not attend seminars before having finished your extra classes.** See your official study notification (“Bescheid”, section “Auflagen”) for more information on extra requirements.

❸ If ❷ applies to your situation so that your workload is increased heavily, it might be impossible to finish your studies within four semesters but it may take five or more semesters.

❹ Students are advised to start working on their thesis in the third semester.
